Hi everyone,

Attached, please find a revised agenda that addresses the feedback received during yesterday's WQGIT call. A summary of the major changes is below for your reference.

I'd like to propose a call on **Monday, August 15<sup>th</sup> from 2-3pm** to have one last discussion and finalize the agenda. If you cannot attend, please let me know or send in your final comments/suggestions.

- Language from the decision support tool development item was added to the Initial Model Ranging Scenarios discussion (and added Olivia as presenter)
- The decision support tools and WIP expectations discussion was replaced with a item for BMP contingency planning
- The Conowingo discussion was shortened to an hour and a half and the accounting for growth discussion was shortened to an hour and 20 minutes to fit in a 1 hour discussion of how to incorporate monitoring into the Phase III WIPs. We will also end Day 1 at 5:15 instead of 5:00.

Please feel free to let me know if you have any questions!

Best,  
David

**Subject:** RE: Revised WQGIT F2F Agenda

I have 2 questions for our next call.

Do we need 2 hours for Conowingo?

Based on what we heard today, is it more important to consider how the trends might be factored into our phase 3 WIP planning targets rather than the session on decision support tools?

Food for thought.

T.

**Subject:** Revised WQGIT F2F Agenda

WQGIT F2F Planning Committee Members,

Attached, please find a revised agenda that reflects our discussions from last week's call. We will be discussing this version of the agenda during today's full WQGIT call, but please feel free to provide any comments offline as well.

Best,  
David
